

## 11.15.2013 New Age Christian Church/Carol Pate Psychic Center Meeting

### Ghostbusting

- A ghost is a spirit, and a spirit is a human soul
- Ghostbusting is low phenomena; it's not good energy.
- The spirits who often make themselves known are human souls who are stuck, and you have the responsibility of helping them
- The issue with "ghostbusting" is that you have no idea what you're gonna bring home with you
  - People go for the thrill of being scared like the movies, but it's not the movies
  - It's like bringing a Ouija board home with you
  - Human spirits will follow you home, but demonic will also follow you home too
    - There are nice humans and there are mean humans. You never know what you're going to get!
    - The demonic will tear your world apart
- If you find yourself in this situations say the daily lifting *immediately* after
- You can also activate past life traumas and pick up past life attachments when you go to battlegrounds or "haunted" sites, so be aware of that possibility too.
  - Use kinesiology to determine the root of the issue

### Demonic

- The demonic are fallen angels.
- They are not humans. Humans cannot become demonic, but humans can act demonic.

### Orbs

- There's a lot of concern over orbs because they show up in photographs
- Orbs have been around for a very long time. They're natural to Earth (not ET)
- They were once called Foo Fighters
- They can be a huge range of shapes and sizes- from tiny to the size of football fields
- They're NOT human souls, they're interdimensional/dimensional parasites that help clean the Earth's energy
- Orbs are drawn to paranormal energy, battles, murders, so they can clean up the negative

### Thought Forms

- They appear as geometric shapes and as different bright colors
- Negative thought forms can appear as many colors, not just red

### Guides

- Your Spirit Guides will appear as a white mist, or as white sparks of light

### Nature Spirits

- Nature spirits show up as multicolored sparks of light
- An imp is a negative nature spirit (deva) that has fallen or has been bound into dark service. They're demonic
  - Archangel Michael and his legions have authority over imps
  - They can be quite pesky
  - They're always black with red eyes, and very unpleasant

## 11.15.2013 New Age Christian Church/Carol Pate Psychic Center Meeting

### Animals

- When animals pass, they usually go directly into the light
  - Animals can be bound through cruelty and witchcraft
  - If they're bound, you would use the following prayer:
    - I would please ask the Legion of Pan to release and unbind this animal and take them directly into the Light or into appropriate sanctuary through the power of the blood of Jesus Christ and in the name of Jesus Christ and I thank thee.
- They'll stay for around 2 months, and they'll help train your new puppy or kitten if you get one in that time frame

### Spiritual Consent

- 13 is the age of spiritual consent
- You can no longer pray for them without their consent
- Eventually, you praying for them will no longer work- they have to take responsibility for themselves

### Iodized Table Salt

- All negative energy is able to be cleared with iodized table salt
- You can sprinkle salt, or put salt in water and sprinkle the water on the area
- If you move into a new house, it's best to perform the House Cleansing and Blessing
- This goes back to the covenant of salt that God made with David, which stated that all items to be offered to God were to be offered with a measure of salt

### Drugs and Alcohol

- These open people up to spirit possession and demonic attack
- You're more susceptible to being influenced by outside forces when you use drugs and alcohol
- Plus, if the spirit of an addict attaches to you, they get their fix and they may continue to use you to get their fix. In this situation, you could also become an addict.

### Lessons

- We're here to learn our lessons and we're here to make mistakes
- Make the same mistake once or twice, that's okay. Make it more than twice? That's just dumb.

### Death

- The death process, when done naturally, is rather euphoric.
- People's aura will go in and out as they prepare to leave their physical body
- Having your physical body die doesn't mean you're dead- you're very much alive, aware, and alert. You just don't have your meat suit.
