

12.19.2014 New Age Christian Church/Carol Pate Psychic Center Meeting

Jesus Christ

- People don't appreciate the totality of Christ's sacrifice on the Cross
- Jesus is not God
- When He came in, He knew His mission
 - He was to be the **Redeemer**, not necessarily the Messiah
 - The Messiah was to free the Jewish people from the Romans
 - The Redeemer opened the path of Light to be with God again
 - It wasn't about healing people, or showing God's power on Earth
 - He did prove that God has power through us (spiritual gifts)
- He knew He was to teach truth and wisdom, so that people could learn to do the same things as Him
 - He imparted as much knowledge as He could, to teach that this is a physical world and is meaningless; the true kingdom is in Heaven
 - He taught that all races, sexes, and creeds are equal. No human is greater or lesser than another.
 - He tried to teach His disciples that they could do everything He did and greater, but they had a hard time grasping that concept.
 - "What I do, you can do and greater."
 - The disciples didn't feel worthy of the gifts and abilities
 - Mary Magdalene was so close to Christ because she actually listened, learned, and took in the knowledge and understanding and used it
 - Many disciples were jealous of Mary because she used the knowledge
 - She sometimes gained more knowledge than they did because she truly listened and understood
- Before the Crucifixion
 - The Last Supper came when it was time for Christ to hand Himself over
 - The bread was to remember His body, the wine to remember His blood
 - They didn't really understand it at the time, but they did as He said
 - He went to the Garden of Gethsemane and pleaded with God to relieve Him of His burdens
 - Christ had to give himself completely over to the dark side, of His own free will, to do whatever they wished to do to Him.
 - When Judas kissed Jesus on the cheek, Jesus knew it was time
 - Judas knew that He was part of the plan, and that it was about redemption
 - The dark side beat Him, made Him carry the cross, put the nails in Him, and crucified Him
- After the Crucifixion
 - After Jesus died, He went to Hell and faced Satan on his own turf.
 - Jesus created the tunnel of Light so that all, even those in Hell, could enter Heaven simply by accepting the Light
 - He stayed there for 3 days, our time, and redeemed many souls

12.19.2014 New Age Christian Church/Carol Pate Psychic Center Meeting

- When He returned to Earth, He told Mary Magdalene “don’t touch me, I’m not yet clean.” This referred to the uncleanness of Hell that hadn’t been cleansed by the Light.
 - Mary didn’t recognize Him at first
- He then preached for 40 days (the Pentecost)
- Significance of the Crucifixion
 - If Jesus hadn’t suffered through the crucifixion, and given Himself over freely to the dark side, we wouldn’t have the opportunity to be redeemed
 - We are **all** shown the tunnel of Light, and we can **all** go to Heaven if we step into the Light. The Light doesn’t discriminate against anyone- serial murderers and rapists and “bad” people are all given that opportunity for learning and growth.
 - It’s even available to fallen angels (aka the demonic) as evidenced in Romans 11:23
 - Accepting the Light *is* accepting Christ and is the only way to Heaven.
 - The story of the crucifixion is outlined in the Apostles’ Creed.
- Baptism
 - You can christen a child to offer protection
 - You shouldn’t baptize a child before the age of 13 because they have to make the choice to accept Christ as their lord and master of their own free will
 - 13 is the age of spiritual consent, and the dark side can (and will) bring the full force down on teenagers
 - Full baptism is optimal, as Christ was baptized by John the Baptist
 - Accepting Christ as your lord and master, and taking your authority through Christ provides you with the protection that you need
 - Satan is real, but standing through the authority of Christ protects you from Satan and his wrath
 - Taking authority and standing means that you respect others, you respect their choices, you don’t place the material world above God, and you aren’t afraid to say no.
- Jesus left us the Holy Spirits to teach us
 - They’re not humans, they’re part of God
 - They are your Guides, and they have total knowledge about everything.
 - They were appointed to you so that they can teach you and comfort you
 - When they speak to you, it’s God speaking to you
 - Your Guides change from lifetime to lifetime to accommodate different levels of learning

Sin

- Man began to de-evolve and fall away from God by disobeying orders
 - Nature began to shut us down, because we had become dangerous
- Sin came again with Cain and Abel, and the resulting murder
 - At this point, the Heavens began to close
- Christ’s sacrifice changed *everything*, because it allowed for the demonic to be redeemed

Physical Death

- Your soul is immortal
- “Dying” isn’t truly a death; it’s a matter of shedding your physical body
- Your soul remains the same. You still have arms and legs, you can walk and you can talk (and hopefully somebody can hear you!)
- If you’re in doubt, touch the table. If your hand goes through the table, you’re out of body.
 - Ask for the Light!
- If it’s dim in the room, you can see the soul hovering above the body and then you can see the soul leave when they pass.
 - The soul will be lavender in color
 - If you can see auras, you should be able to see this easily
- When children pass before age 13, there is usually an angel to receive them. If you have a spirit child in your home, you should use the following prayer formula:
 - I would please ask the Band of Mercy to bring forth loved ones and spirit healers for them, and either take them directly into the Light or into appropriate protected sanctuary in the name of Jesus Christ and I thank thee.

Seeing the Light

- A lot of people will see loved ones, Angelics, and the Light when they’re still in body before they pass from natural causes.
- If you were shot, or are in a car crash, and you look over and see your physical body, you should ask for the Light
- Say your annual prayers to take out insurance so you don’t suffer with the confusion.
- If a loved one is passing, you can do prayer work to ease the death process
- Animals go straight into the Light, so you can tell your animal the following:
 - “I love you, and I’m going to miss you terribly, but I’m going to help you get into the Light because I don’t want to see you in pain. When you see the Light, go into it.”

God

- God isn’t a punishing God
- He’ll let you punish yourself
- He wants you to learn your lessons

Reincarnation and the Bible

- It’s in the older versions of the Catholic Encyclopedia... It was accepted by the Church
- It’s present in the Bible, but it’s scattered throughout
 - Constantine did his best to get it out of the Bible, but the essence remains
- Justinia had a lot of the gospels destroyed because they referenced not needing a church or a middle-man to get to God
 - Gospels are the written accounts of specific timeframes.

12.19.2014 New Age Christian Church/Carol Pate Psychic Center Meeting

- No matter what, truth has always and will always remain in the Bible

Religion

- Carol sampled many, many different religions looking for truth
- The problem is, that man distorts religion and makes it his own and puts his stamp on it
- The truth is a kernel in every religion of the world
 - God is real, Christ is real, Satan is real
 - Start there- if they don't have these three truths, walk away.
 - Condemnation to Hell isn't a truth.
 - Are there dogmas? Are they God's laws or man's laws?
 - If they serve to control, then walk away.

Hearing Animals

- You'll get your animal's thoughts in your head
- It'll be simple, and accept it as your animal's thoughts not your own
- When you start, ask you dog if they're hungry, or if they need to go outside
 - You speak verbally, and they'll respond in your heads
- There's a law that was put into place after man fell from God to protect the animals... It says that animals aren't supposed to communicate with humans
 - Animals don't get in trouble, but with spiritual authority comes the permission to speak to animals

Exploring Past Lives

- Kinesiology is the best way to find out past lives
 - If you have a place or a country you're drawn to, finger test to find the answer
- If you ever had dreams as a child where you were an adult in a different place, pay attention to those
 - Finger test about those
- Listen from 1:10:00 to 1:15:00 to hear Carol talk about exploring past lives
