

## 9.5.2014 New Age Christian Church/Carol Pate Psychic Center Meeting

*Ghosts and spirits are HUMAN SOULS who are stuck. Say the daily lifting and pray them into the Light.*

*If you have a loved one who is passing, you can do prayer work to help them through the transition*

### Spiritual Gifts

- We're all gifted in one way or another
  - Try out lots of things that you're drawn to figure out what you're good at and what you're not good at
    - If you're not good at something, don't let it rob you of your ego and your self-esteem
- Spiritual gifts are like muscles. You have to *trust them and use them* in order to make them stronger.
  - If you have information, it's your responsibility to get it to the right people.
  - Establish reliable communication with your guides
  - If you don't use it, you lose it
  - You can expand on gifts by going in training
- You can also pick up gifts from past lives when you travel to foreign countries
  - It activates parts of the soul and brings it to the surface
  - If you're drawn to specific places, then GO! There's something there for you to help you to evolve
  - Beware of dangers, and be aware of past life attachments and past life traumas. Also be aware of spirit attachments, and be sure to say the daily lifting
- We come in with tangible gifts. These are the obvious ones that are noticeable on the physical plane.
  - We've earned these and excelled in these over our past lifetime(s)
  - These put us in the right circles that we need to be in to learn and grow in this lifetime
  - You'll have an urging feeling or a drawing to whatever your gift is
    - It can trigger at different times in your life, usually on the anniversary of when you dealt with it in your past lives
  - Being a doctor, lawyer, or an artist is a gift.
    - Attorneys, doctors, and engineers think similarly
  - The ability to cook, and work with nature are both gifts
  - Child prodigies who excel in music, art, etc. have these gifts
- We also come in with intangible gifts. These are psychic and intuitive abilities, and people often try to hide these gifts.
  - Discernment is a HUGE gift
    - Being able to detect a person's true agenda, intent, and purpose
    - True discernment has nothing to do with judgment
      - Discernment involves just knowing about their agenda, judgment is putting your personal feelings into it
    - People often try to talk themselves out of their gut feeling
      - If you get a bad feeling about someone, acknowledge it and act accordingly.
        - Don't give them your trust and walk away from the situation
  - Precognition is a gift from God

## 9.5.2014 New Age Christian Church/Carol Pate Psychic Center Meeting

- We know things before they're going to happen, either a dream or a gut feeling
  - It's usually a fleeting sense
- If you have a dream that a bad situation is happening, this is a warning that you have a choice to make. You can choose not to put yourself in the situations where the bad thing was going to happen
- Dreams that come true are gifts in that you can use the information to change the outcomes of specific situations
  - Changing small details will change the whole outcome
  - ALWAYS trust these
  - If you have a dream where you see a friend wearing a red shirt in a white car get into a car accident, you can warn that friend not to wear the red shirt in the white car
- Red Flags are true warnings from God
  - If you trust the red flags, you'll stay safe. If you go against the red flags, you'll have problems
  - You'll hear "stop", "no", nausea, a gripping in your solar plexus, or other very clear warning signs
  - Pivotal
    - Times in your life that you can choose to live or choose to die.
    - You're always warned that it's a pivotal
- It's a gift to be a student and it's a gift to be a teacher
- Being able to see spirits is a gift, but this doesn't make you a medium

### The Soul

- We are the hologram of everything that we have been, everything that we are, and of God
- All knowledge and all memory is within us, we just have to trigger it
- "The Ghost Inside My Child" on television shows proof to the world that the soul is eternal

### Anger

- There are two types of anger, righteous anger and emotional based anger
- Righteous anger is justified
  - Comes from the heart chakra up, and it comes on strong
  - If it comes with strength, it's correct
  - It comes from "this is wrong"
  - You can trust this
- Emotional-based anger is an overreaction that isn't justified
  - It makes you shaky and makes you want to cry
  - You've had a button pushed, don't give into this and don't trust this
  - If it comes with emotion, it's incorrect
  - A trigger from your childhood could be causing you to overreact now

### Clearing Energy

- Sage will help clear negative energies, but iodized table salt (can be mixed with water) will clear it better
- Sage isn't effective for the demonic, but iodized table salt is effective
  - Sandalwood is effective against the demonic

## 9.5.2014 New Age Christian Church/Carol Pate Psychic Center Meeting

- If you live near a battleground or a particularly spiritually active area, you can put into place a floating protected sanctuary

### Time

- Exists in many levels
  - Each level is a different vibration
- When you die, you're trapped in that time level
  - If you die with a lot of other people, then you will all be on that same level
  - If you don't die at the same time as others, you will be by yourself
  - GO INTO THE LIGHT!
- There's not a limit to the amount of time levels that can exist in one place
- Leveling and rebuilding in the same location is dangerous because the older energy of a place can carry over into the new time level
  - Cairo, Rome, Atlanta (Georgia) have all done this

### ISIS and Terror Groups

- There are always lessons to be learned, and there has always been violence on the Earth plane
- You can do prayer work to help with the situations
  - Ask for Divine Spirits of Justice to intercede on behalf of our country, if it is deemed appropriate
  - You can pray for the awareness and redemption of the people committing the acts of terror

### Permission

- If someone says "pray for me", that gives you permission to do what you need to do
- If a person is unable to give consent and a family member gives you permission to pray for them, then that gives you permission to do prayer work for them

### Going through a Surgery

- Get the Doctor's name, where the surgery will be taking place (the address, floor, and room of the hospital), and the time of the surgery.
  - Ask the Band of Mercy to clear all doctors and nurses performing the surgery
  - Ask the Divine Spirits of Healing to be there to lessen pain and promote quick healing
  - Divine Spirits of Healing afterwards to assure that the person heals and is whole, and in the state that God intended thee to be
  - Ask the Band of Mercy to clear the person of whatever might have attached to them

### Devas

- There are devas of everything
- If you pray to the Legion of Pan for help from devas, the prayer is effective for 24 hours.
  - I would please ask the Legion of Pan to ask the deva of \_\_\_ to do whatever they need to do to protect my house and family in the name of Jesus Christ and I thank thee.
