

## Removing Viruses, Bacteria, Parasites, and Molds

**This can be used for infectious diseases. Use this daily for at least three days with diseases.**

I would please ask the Legion of Pan to remove all negative viruses, bacteria, parasites, and molds from my body (or "body of" with the name street address, city, and state of the person who you have permission to pray for) and take them into the Light or do whatever is necessary with them, and remove all seeds, spores, particles, eggs, young, and negative residues and do whatever is deemed appropriate with them. I ask this to be done now in the name of Jesus Christ and I thank thee.

**If you do not feel immediate relief with the prayer above, you should use the following formula.**

I would please ask the Interdimensional/Dimensional Band of Mercy and/or the Interdimensional/Dimensional Legion of Pan to remove all negative viruses, bacteria, parasites, and molds from the appropriate realms and counter-realms from my body (or "body of" with the name street address, city, and state of the person who you have permission to pray for) and take them into the Light or do whatever is necessary with them, and remove all seeds, spores, particles, eggs, young, and negative residues and do whatever is deemed appropriate with them. I ask this to be done now in the name of Shemhamfarash and in the name of Jesus Christ and I thank thee.

I would please ask for divine spirit healers from the appropriate counter realms to remove all residue and perversions in the names of Ain Soph, Adonai, and in the name of Jesus Christ and I thank thee.
