

## Divine Spirits of Justice

*It is very important not to use this prayer lightly, and without great thought and consideration. If you are in the wrong in the situation and ask for Divine Spirits of Justice to intervene, this prayer may affect you more than the other party.*

**If this is a legal situation, it is helpful to provide the names and addresses of the attorneys, the other party, the judge, and the address and time of the court proceeding with as much detail as possible where the name and address fits into the formula.**

I would please ask Divine Spirits of Justice to intercede and intervene for me with (name, street address, city, and state of person or situation) to do whatever they deem appropriate now in the name of Jesus Christ and I thank thee.

**If the person in question has committed egregious acts, out of pure spite and meanness, it is appropriate to include the phrase “due to egregious acts” as follows.**

I would please ask Divine Spirits of Justice to intercede and intervene for me due to all egregious acts with (name, street address, city, and state of person or situation) to do whatever they deem appropriate now in the name of Jesus Christ and I thank thee.
