

## Praying a Loved One into the Light

*If you have a loved one that has passed, it is normal to wonder if they are at peace. You can use this on any loved one who has passed, but it is particularly useful if they have visited you while you are in dream state, looking unwell or asking for help. If they've gone into the Light, it will do no harm, but it will take them into the Light if they are stuck in the Outer Darkness. It's important to never assume that your loved one went into the Light, as it is possible that they may not realize that they have passed.*

*You have permission to say this prayer over any family member, or very close friends if no family is available. If you were not related to the person who passed, you must obtain permission from a living family member.*

*You can use the address of where the person lived or died (always use street address, city, and state).*

I would please ask the Band of Mercy to locate (name of Loved One) who lived at (street address, city, and state of Loved One). I would ask for spirit healers and loved ones to be brought forth for (him/her) and if (he/she) is willing be taken directly into the Light. If (he/she) is not willing I would ask that (he/she) be placed in the appropriate sanctuary and that the teachers and loved ones be allowed to work with (him/her) until (he/she) is prepared to go into the Light. If this is deemed appropriate I ask this to be done now in the name of Jesus Christ and I thank thee.

*If the person is a friend and you cannot obtain permission to pray for them, the following formula would be appropriate. In this situation, you cannot force them to choose between the Light and protected sanctuary, but you can guarantee that they will be shown the Light and that they will be aware of the Light.*

I would please ask the Band of Mercy to locate (name of friend) who lived at (street address, city, and state). I would ask for spirit healers and loved ones to be brought forth for (him/her) and that (he/she) be shown the Light and made aware of the Light. If (he/she) is willing, I would please ask that (he/she) taken into the Light or be placed in the appropriate sanctuary and that the teachers and loved ones be allowed to work with (him/her) until (he/she) is prepared to go into the Light. If this is deemed appropriate I ask this to be done now in the name of Jesus Christ and I thank thee.
