

Soul DNA

This prayer can be used on yourself, animals, food, water, anything as long as you name it. If you have doubts, add "if it's deemed appropriate" to the beginning of the formula. It only needs to be used once.

I would please ask the Archangel Uriel and the legions of the eighth realm and Kay-Nay-El, to assist in genetically balancing the DNA of my soul (or "the soul of" the name, street address, city, and state of the person you have permission to pray for) and repair all alterations and manipulations, now, in the name of Shemhamfarash, and in the name of Jesus Christ, and I thank thee.
